Completed: addition of Single Domain Linux Hosting (India) for ragavhari.in

1 message

BigRock.com Sales Team <automail@bigrock.com>   Sun, Sep 20, 2015 at 11:18 PM
To: ragavhari91@gmail.com

Dear Ragav,

Thank you for purchasing a Single Domain Linux Hosting (India) package with P.D.R Solutions FZC. This email will help you get started with using your Hosting Account.

Your Single Domain Linux Hosting (India) Package Details

Domain Name: ragavhari.in
Plan: Advanced | Unlimited Email Accounts | Unlimited Disk Space | Unlimited Bandwidth
Location: India
OS: Linux
SSL Support: Disabled
Expiry Date: Tue Sep 20 17:48:41 GMT 2016

Accessing your website

Your website is **immediately accessible** through this Temporary URL: http://ragavhari.in.cp-in-1. webhostbox.net

In order to access your website using ragavhari.in or www.ragavhari.in, you will need to change the Name Servers of ragavhari.in to the following:

Name Server 1: ns1.cp-in-1.webhostbox.net
Name Server 2: ns2.cp-in-1.webhostbox.net

Changing your Nameservers

- Using our DNS service (domain registered through us): Changing your Nameservers
- Using your own DNS service: Getting your Nameserver Details

Once you have changed the Name Servers, or added your own DNS records, it can take anywhere between 24-72 hour s before you are able to access your website using ragavhari.in. Until such time, continue using the Temporary URL provided above to access your website.

Managing your WebSite

You can manage your order by logging into your Control Panel: Manage Order

Alternatively, you may access your Web Hosting Control panel through one of the following URLs:

URL(s): 103.21.58.10/cpanel OR ragavhari.in/cpanel OR http://ragavhari.in.cp-in-1.webhostbox.net/cpanel
Username: ragav728
Password: f#8R5~n#a+3V

Using FTP with your Hosting Package

Use the information given below to login to your account via any FTP client:

Domain Name: ragavhari.in

IP Address: 103.21.58.10
FTP Username: ragav728
FTP Password: f#8R5~n#a+3V

For detailed documentation on using FTP, please refer the KB article: Detailed Documentation on FTP

Manage your Email Accounts

Your Hosting package also includes Email hosting. You can administer you Email service through the Web Hosting Control Panel. Refer to the Email Administrators Guide for detailed instructions on creating and managing email addresses.

Detailed Documentation

For detailed instructions on using your Single Domain Linux Hosting (India) Package, please refer to our online knowledgebase at: Detailed Documentation

You should ideally go through all the articles in this section before you begin using your Hosting Account actively.
